

A CRM APPLICATION FOR WHOLESale RICE MILL Milestones and Activities: Milestone

1-Salesforce : Activity 1:

Creating Developer Account:

The image shows a promotional banner for Salesforce Developer Edition on the left and a sign-up form on the right. The banner features a blue background with a white monitor displaying a Salesforce interface. The text on the banner reads: "Build enterprise-quality apps fast to bring your ideas to life". Below this, there is a list of bullet points: "Build apps fast with drag and drop tools", "Customize your data model with clicks", "Go further with Apex code", "Integrate with anything using powerful APIs", "Stay protected with enterprise-grade security", and "Customize UI with clicks or any leading-edge web framework". The sign-up form on the right has a white background with a blue Salesforce logo at the top. The heading is "Sign up for your Salesforce Developer Edition" followed by "A full-featured copy of the Platform, for free". Below this, there is a grey box with the text: "Complete the form to start your free trial. Our team will be in touch to help you make the most of your trial." The form fields are: "First Name*" (text input), "Last Name*" (text input), "Email*" (text input), "Role*" (dropdown menu), "Company*" (text input), and "Company Name" (text input).

Build enterprise-quality apps fast to bring your ideas to life

- Build apps fast with drag and drop tools
- Customize your data model with clicks
- Go further with Apex code
- Integrate with anything using powerful APIs
- Stay protected with enterprise-grade security
- Customize UI with clicks or any leading-edge web framework

Sign up for your Salesforce Developer Edition
A full-featured copy of the Platform, for free

Complete the form to start your free trial. Our team will be in touch to help you make the most of your trial.

Activity 2: Account Activation:

The image shows a screenshot of a Gmail inbox. The selected email is from Salesforce with the subject "Welcome to Salesforce! Verify your account". The email content includes a blue header with the Salesforce logo and the text "Thanks for signing up with Salesforce!". Below this, there is a white box with a blue border containing the text: "Click below to verify your account." followed by a blue "Verify Account" button. Below the button, there is a URL: "https://maillareddyuniversity-20f-dev-ed.develop.my.salesforce.com". Below the URL, there is a "Username:" label followed by "jathin@company.maillareddyuniversity". Below this, there is a "Again, welcome to Salesforce!" message. At the bottom of the email, there is a small copyright notice: "© Copyright 2000-2018 Salesforce.com, Inc. All rights reserved. Various trademarks held by their respective owners. Salesforce.com, Inc. The Landmark at One Market, Suite 300, San Francisco, CA, 94105, United States".

Welcome to Salesforce! Verify your account

Thanks for signing up with Salesforce!

Rice mills Tabs

The screenshot shows the 'Rice mills Tabs' configuration page. The left sidebar contains a search bar with 'tabs' and a 'User Interface' section with 'Rename Tabs and Labels' and 'Tabs'. The main content area has a 'Custom Object Tab' for 'rice mills'. Below the tab name, it says 'Below is the information for the custom tab. Click Edit to change the custom tab.' The 'Custom Tab Definition Detail' table shows the following information:

Tab Label	rice mills	Tab Style	Alarm clock

	28/10/2024, 2:44 pm		28/10/2024, 2:44 pm

Consumer tabs

The screenshot shows the 'Consumer tabs' configuration page. The left sidebar is identical to the previous one. The main content area has a 'Custom Object Tab' for 'consumers'. Below the tab name, it says 'Below is the information for the custom tab. Click Edit to change the custom tab.' The 'Custom Tab Definition Detail' table shows the following information:

Milestone 4- The Lightning App: An app is a collection of items that work together to serve a particular function. In Lightning Experience, Lightning apps give your users access to sets of objects, tabs, and other items all in one convenient bundle in the navigation bar. Lightning apps let you brand your apps with a custom color and logo. You can even include a utility bar and Lightning page tabs in your Lightning app. Members of your org can work more efficiently by easily switching between apps.

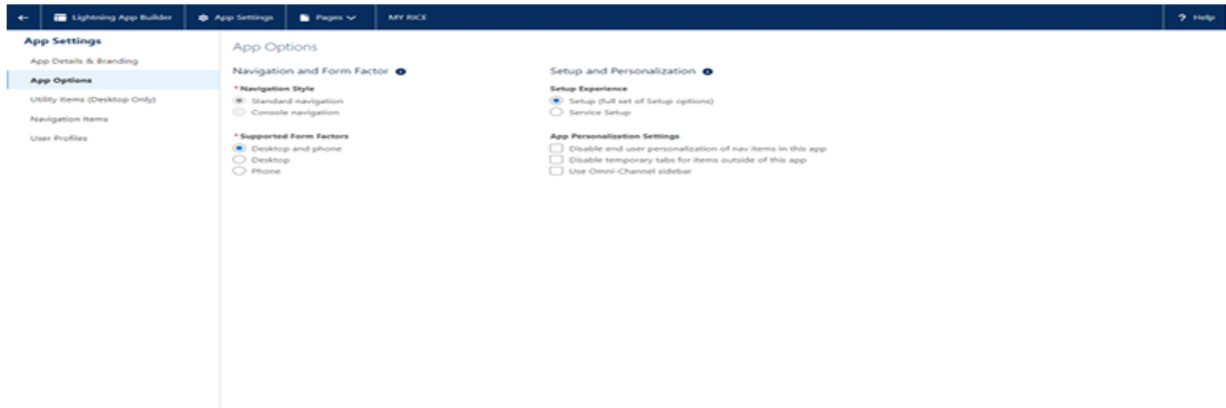

The screenshot shows the 'App Settings' page in the Lightning App Builder. The left sidebar has 'App Settings' selected, with sub-items: 'App Details & Branding', 'App Options', 'Utility Items (Desktop Only)', 'Navigation Items', and 'User Profiles'. The main content area is titled 'App Details & Branding' and includes the instruction: 'Give your Lightning app a name and description. Upload an image and choose the highlight color for its navigation bar.'

App Details

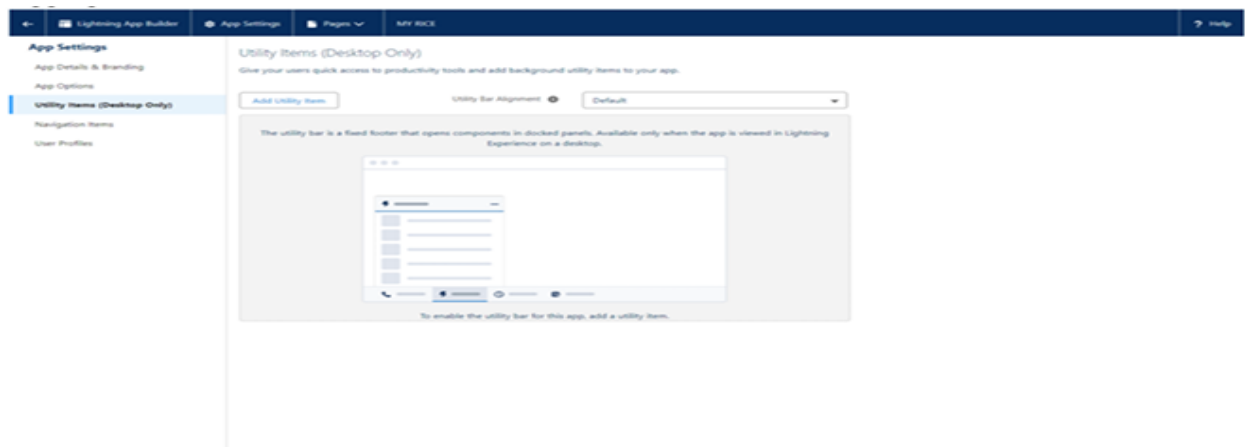

- * App Name: MY_RICE
- * Developer Name: MY_RICE
- Description: Enter a description...

App Branding

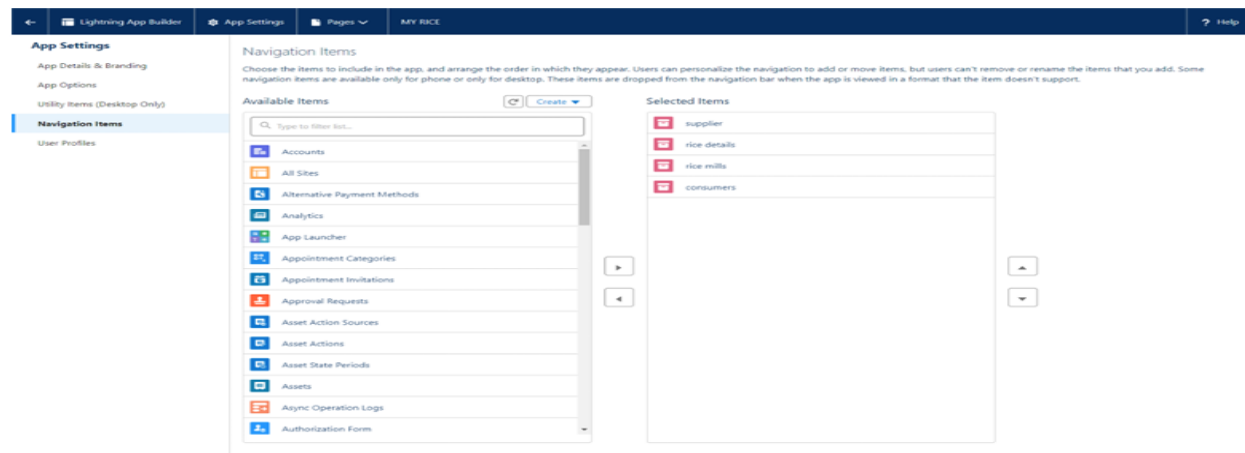

- Image: [Image of a rice mill]
- Primary Color Hex Value: #0070D2
- Org Theme Options: ☐ Use the app's image and color instead of the org's custom theme
- App Launcher Preview: [Image of the app launcher] MY_RICE

Milestone 9 : Users

Milestone 10 : Permission sets A permission set is a collection of settings and permissions that give users access to various tools and functions. Permission sets extend users' functional access without changing their profiles and are the recommended way to manage your users' permissions.

Sharing Permission Settings

Milestone 11 : Reports Reports give you access to your Salesforce data. You can examine your Salesforce data in almost infinite combinations, display it in easy-to-understand formats, and share the resulting insights with others. Before building, reading, and sharing reports, review these reporting basics. In Salesforce.com we can easily generate reports in different styles. And can create reports in a very short time and also schedule the reports. Salesforce provides a powerful suit of analytic tools to help you organize, view and analyze your data.

Milestone 12 : Dashboards Dashboards help you visually understand changing business conditions so you can make decisions based on the real-time data you've gathered with reports. Use dashboards to help users identify trends, sort out quantities, and measure the impact of their activities. Before building, reading, and sharing dashboards, review these dashboard basics. Below are dashboard details with

estimated data graph:

The screenshot shows a Salesforce dashboard with a table of recent dashboards. The table has columns for Dashboard Name, Description, Folder, Created By, Created On, and Subscribed. The only dashboard listed is 'estimated data' with a description of 'total amount of data in dashboards' and a folder of 'amount data dashboard'.

DASHBOARDS	Dashboard Name	Description	Folder	Created By	Created On	Subscribed
Recent	estimated data	total amount of data in dashboards	amount data dashboard	Deshaboina Jathin	30/10/2024, 12:11 pm	

Milestone 13 :

Apex is a strong typed, object-oriented programming language that allows developers to execute flow and transaction control statements on the Lightning platform server in conjunction with calls to the Lightning Platform. Apex code can be initiated by web service requests and form triggers on objects.

The screenshot shows the Salesforce Developer Console with the following Apex code:

```
1 public class ConsumerRecord {
2     public static void sendEmailNotification (List<consumer__c> con){
3         for(consumer__c c:con)
4         {
5             Messaging.SingleEmailMessage email = new Messaging.SingleEmailMessage();
6             email.setToAddresses( new List<String>{c.email__c});
7             email.setSubject('Welcome to our company');
8             email.setPlainTextBody('Dear ' + ' ' + ',\n\nWelcome to MY RICE!'+'You have be
9             Messaging.sendEmail(new List<Messaging.SingleEmailMessage>{email});
10         }
11     }
12 }
13 }
```
